

GRAY'S NAME WILL BE BROUGHT BEFORE THE DENVER CONVENTION

Report That Delaware's Candidate Had Withdrawn Is Denied In An Official Report Made Public This Afternoon.

ANTI-BRYANITES HED MEETING THIS AFTERNOON

Temporary Chairman Of The Convention Is In Lincoln. And The Washouts May Prevent His, Bing Able To Return To Denver.

[BY ASSOCIATED PRESS.]
Denver, Colo., July 6.—Judge Gray is not out of the race. This was the announcement made this morning at his headquarters.
Not only is Judge Gray not out of the race but his name will go before the convention as originally planned.

JUDGE GRAY.

Joshua Marvel, Judge Gray's campaign manager, made the following statement this afternoon relative to the matter:

"Judge Gray's name has not been withdrawn and under no circumstances will it be withdrawn."

This decisively answers the reports that both Gray and Johnson have dropped out of the race.

The fact that Judge Gray telegraphed his managers last evening not to allow his name to go before the convention is flatly denied.

Colonel Coffey's attack on Bryan and Bryan's answer to the Pennsylvania politician, are the chief subjects of conversation here today and the opponents of Bryan are making much capital of it.

Col. J. M. Coffey was today re-elected committee member by the Pennsylvania delegation. A number of anti-Coffey men left the meeting before the election.

A conference between all the anti-Bryan people has been arranged for four o'clock.

The participants will include representatives of the Gray and Johnson people and many instructed delegates.

The national committee met at ten o'clock today for the purpose of considering the evidence in contests for seats on the temporary roll call.

It was arranged that each contest should be referred to a subcommittee and each committee report not later than five this afternoon.

The subcommittee which heard the evidence in the Idaho contests decided in favor of a Dubois-Holmfeld ticket.

Theodore Bell, of California, who is to be temporary chairman, has left the city and is thought to be with Bryan on a consultation. It is doubtful if he can return in time to call the convention together tomorrow.

Bad washouts have occurred all along the line; trains are delayed and telegraph and telephone service is badly crippled.

BELL IS IN LINCOLN FOR CONSULTATION

Lincoln, July 6.—Theodore Bell of California, who will be temporary chairman of the democratic convention, arrived here to confer with Bryan this afternoon.

Mr. Bell coincided with Bell's arrival at communication between Fair and Lincoln was restored. Bell called Bryan up by telephone and immediately thereafter started for Denver.

The great apprehension felt here that Bell may be unable to return in time to open the convention at noon tomorrow because it is feared that the road out of Lincoln is at present unable to dispatch trains.
Mr. Bell spent a few hours with Bryan and arranged for a special train to take him to Omaha from Waverly, a few miles north of this city.
Bell left a heavy wagon to take him to Waverly and he left Lincoln shortly after two and expects to reach Omaha in time to catch the Denver train for the Union Pacific at 4:15 for

LINCOLN FEELS THE EFFECTS OF STORM

Lincoln, Neb., July 6.—A severe storm last night prostrated all telephone connection between here and Fairview, washed out the trolley bridges and this morning the only means of reaching the home of Bryan was over a circuitous muddy route.

AUDITORIUM READY FOR THE DELEGATES

Fifteen Thousand Seats Are In Place for the Democratic Convention.

[SPECIAL TO THE GAZETTE.]

Denver, Colo., July 6.—The last bit of decoration has been put in place in the mammoth Auditorium, where the democratic national convention will be called to order tomorrow at noon. All the lights have been installed and the assertion is made that it will be the best lighted building of its size in the United States.
Fifteen thousand seats are in place. The rostrum and platform are at the

which will get him into Denver Tuesday morning.

the floor of the stage proper. There are one thousand seats for delegates and the same number for alternates. The plan of exits and entrances is declared admirable. In all there are twenty-four exits, and the structure can be emptied in two minutes. Separate entrances are provided for the general public, for the national committee and for press representatives, telegraph operators and messengers.

The decorations of the auditorium are the most elaborate ever used at any similar convention in the country. Along the adobe walls are six United States flags, 35x50 feet. Four of these are behind the speaker's platform, and between these four flags is suspended an immense curtain of building containing 3,000 yards of sewed cloth. In the center of the curtain is a shield seventeen feet long by fifteen feet wide. Behind the platform is an enormous bank of green and artificial palms, and immediately over the platform are suspended four stuffed eagles with wings extended twelve feet.

Given over to the reception and registration of delegates at the tropic hotel, with an automobile run to Niagara Falls this afternoon. The convention will be called to order tomorrow morning in the Teck theatre.

TENNIS PLAYERS ARE AFTER CHAMPIONSHIP

Twenty-Second Annual Championship Tournament of Southern League Opens.

[SPECIAL TO THE GAZETTE.]

Atlanta, Ga., July 6.—The twenty-second annual championship tournament of the Southern Lawn Tennis association opened today on the East Lake courts of the Atlanta Athletic club and, judging by the long list of entrants, it is expected to be one of the best ever held under the auspices of the association.

The events to be decided during the week are: Men's championship singles, men's championship doubles, men's consolation singles, ladies' champion singles, and champion mixed doubles.

BIG MEETING WILL TALK GOOD ROADS

National Legislative and Good Roads Convention to be Held in Buffalo.

[SPECIAL TO THE GAZETTE.]

Buffalo, N. Y., July 6.—Delegates from all parts of the country, including representatives of the American Automobile association in twenty-four states, arrived today to take part in the National Legislative and Good Roads convention, which opens in this city tomorrow. The convention, it is said, will be the largest of its kind ever held in the United States, and the speakers who will be heard during the two days' session of the gathering will include the most notable of America who have taken up the crusade for good roads. The proceedings, however, will not be confined to oratory. Practical demonstrations will be given of new machinery used in the building, preservation and repairing of roads, and various novel features have been arranged to make it a gala occasion, replete with entertainment, as well as instruction and practical results. Today was

LAMBETH CONFERENCE BEGAN ITS SESSIONS

Anglican Bishops From All Over the World Gather in London This Week.

[SPECIAL TO THE GAZETTE.]

London, July 6.—Anglican bishops from all over the world have arrived in London to attend the Lambeth conference, which is to begin its sessions today in the library of Lambeth palace. Saturday the distinguished visitors were entertained at a reception given in their honor at Canterbury, luncheon being served in St. Augustine's college. Archbishops and bishops from the United States, Canada, Australia, South Africa, Tasmania, India and other parts of the world were in attendance.

Purchasing Committee: The purchasing committee of the county board, consisting of Howard W. Lee and George Woodruff of Janesville, and Henry Elberts of Edgerton, was in session this afternoon at the court house auditing bills.

DISMISSED ACTION VS. TOWN OF MILTON

Judge Grimm This Afternoon Refused Injunction Against Town Officers.

In the circuit court today Judge Grimm refused to grant the injunction asked by E. C. Melowen to restrain John A. Paul and others, officers of the town of Milton, from paying for certain cement sidewalks and electric lighting of the town. Mr. McGowan represented by L. E. Gottle, maintained that the levying of the tax for these improvements was illegal, and asked an injunction restraining the town officers from paying for them. Judge Grimm held that the tax was not illegal and handed down his opinion today.

The town officers were represented by M. O. Mumut and H. P. Crossman, who held the sidewalks in question was represented by Attorney John Cunningham. The case has been in the courts for nearly a year.

Police Case Postponed.

The argument of this order to show cause in the case of the state of Wisconsin on relation of John Brown vs. George Appleby, was postponed until tomorrow afternoon. Mr. Wheeler, attorney for George Appleby, was unable to be here today so the matter was put over.

Divorce Judgment.

A motion to revise the settlement in the Buschik divorce case was also heard by Judge Grimm this afternoon.

Notice of Appeal.

Notice of appeal in the case of Hanrahan & Lindquist vs. the city of Janesville, was served today. This was a case in which the city was sued for sewer extras in the sewers constructed by the plaintiff company. Several suits arose out of this sewer construction and all of them will probably be taken to the supreme court.

William Morris Hurt: William Morris, president of the Wisconsin Carriage company, fell while coming down a stairway in the factory on Friday and was quite severely bruised. He will be confined to his bed for a week or so.

ALEXANDER SAID TO HAVE THE BEE

EVENING WISCONSIN STATES HE WOULD BE U. S. SENATOR.

WAUSAU MAN MENTIONED

Claim Made That His Friends Are Pushing Him for the Nomination of Stephenson's Seat.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Wis., July 6.—The Evening Wisconsin says Walter Alexander of Wausau is being mentioned as a possible candidate for the United States senate in the primary election to be held in this state in the fall. Many of the Milwaukee friends of Mr. Alexander have expressed themselves as unable to get up any enthusiasm whatever for any of the senatorial candidates now in the field and will urge Mr. Alexander to consent to be a candidate. His popularity in his own district has been proven by the fact that in the recent election for delegates to the republican national convention he alone as the opponent of the La Follette clique was elected. He attended the convention and made a host of friends among the politicians of the state by his friendly ways, and although regarded as the "black sheep" in the family by the ultra La Follette politicians they could not help but take to him personally. Whether or not Mr. Alexander will allow the use of his name is not known but the wiser ones of the political world claim there is a strong likelihood that the entries are not yet closed of the senatorial race.

DROWNED LAST EVENING WHEN HIS BOAT WAS UPSET

John Birmingham Lost His Life in the Rock River While Fishing Last Night.

While running a set line in the river last night at eleven-twenty John Birmingham of this city was drowned and his body has not yet been recovered. He was a member of a camping party consisting of Mrs. and Mrs. Emmett Walsh, Mr. Brunk, and two men who are employed in the shoe factory, who were camping on the river bank six miles up the river. About half-past eleven Mr. Birmingham went out in a rowboat to look at a line. He rowed across the river and when almost at the other side those on the shore heard him call out that the boat had upset and a moment later that he was drowning. Mr. Walsh called to him to hang onto the boat and he would swim out and get him. Walsh started out, but was seized with a cramp and had difficulty in reaching the nearer shore. He then started up the river bank to a nearby camp to get a launch, but the boat arrived no trace of Mr. Birmingham could be found.

The news was brought to the city and a party of citizens of Horatio Nelson went up to look for the body. The river was drugged until noon but without success and this afternoon dynamite was exploded in an effort to locate the remains.

Mr. Birmingham had lived here most of his life and had taught but in several schools in this city. This past season he has been working in tobacco in Edgerton. He was unmarried and about forty-two years old.

OHIO BANKERS OFF FOR SUMMER TRIP

Will Hold State Convention at Thousand Islands Next Wednesday.

[SPECIAL TO THE GAZETTE.]

Cleveland, Ohio, July 6.—Members of the Ohio Bankers' association, many of them accompanied by their wives and families, are rounding up in this city today preparatory to their departure this evening on the steamer City of Erie for the Thousand Islands in the St. Lawrence river. The eighteenth annual convention of the association will be held at the Thousand Islands House next Wednesday, after which the bankers will see the sights of Alexandria Bay and the vicinity before returning home.

NINE BALLOONS ALL COME DOWN

NEW RECORD CLAIMED FOR THE
FIELDING-SAN ANTONIO.

SEVERAL IN DIRE PERIL

French Aeronaut and Boy Dragged in
Lake Michigan—The Illi-
nois Falls in Quinte
Bay.

Chicago, July 6.—All long-distance aerial speed records were broken and a new world's long distance flight mark is claimed for the Fielding-San Antonio, owned by Dr. Frederick J. Fielding of San Antonio, Tex., which, piloted by Capt. H. B. Honeywell, descended to the earth Sunday at 5 p. m. at West Shoford, Que.

All of the nine balloons in the great international race which started in Chicago descended safely, but many thrilling escapes were reported. The Ville de Dieppe dragged its car in Lake Michigan. The Illinois alighted in Lake Ontario. The crew of the Columbia was cut and bruised in descending in Canada.

Unofficial Figures.
Fred T. Bailey, assistant promoter of the aerial race, after studying five different maps, Sunday night estimated that the distance traveled by the Fielding-San Antonio was 895 miles. This distance would break the Pommer's record of 872 miles. However, the figures are in doubt. Probably the United States and Canadian governments will be asked to measure the flight of the winning balloon.

The unofficial figures on the flight of the balloons were as follows:

Fielding-San Antonio—West Shoford, Quebec, 895 miles.
Illinois—Bay of Quinte, Lake Ontario, 645 miles.
Chicago—West Moncton, Ontario, 622 miles.
American—Carsonville, Mich., 402 miles.
United States—Pikerton, Ontario, 388 miles.
Cincinnati—Covert, Mich., 350 miles.
King Edward—Port Huron, Mich., 300 miles.
Columbia—Clinton, Ontario, 276 miles.
Ville de Dieppe—Denton Harbor, 65 miles.

Illinois Falls in Quinte Bay.
While there is some doubt as to the exact length of the Fielding-San Antonio's flight, she was able to keep the air a trifle less than seven hours longer than her nearest rival, the Illinois, and was easily the winner of the contest.

The two balloons had followed an almost parallel course during their long flight in the air, and both were sighted from Pelee, Ont., at 11:30 o'clock on the morning. Shortly afterward the Illinois was seen to plunge rapidly downward. Immediately below her stretched the expanse of the Bay of Quinte, on Lake Ontario. The car's pilot, J. L. Chase, and his assistant, C. H. Ferris, emptied sand desperately in an attempt to keep the balloon in the air, but her flight was over and their efforts proved futile. The men were plunged into the waters of the bay, whence they were rescued by the crew of a pleasure craft.

French Balloon's Narrow Escape.

The most spectacular features of the long-distance event, however, were furnished by the French balloon, Ville de Dieppe, and the Columbia. The occupants of both escaped death by so narrow a margin that if the flight were considered from that viewpoint alone it would be notable.

The Ville de Dieppe fell into Lake Michigan at a point about three miles directly at the west shore and her pilot, Capt. A. E. Mueller, with his 15-year-old assistant, George Schoonick, battled in the darkness for three-quarters of an hour, half-submerged in the water. In a display of extraordinary coolness and skill Capt. Mueller contrived to save his own life and that of the boy and to bring his balloon ashore intact.

To do this he sacrificed every ounce of ballast cast loose his anchor and his ground rope, and took his chances in the open air, knowing that he must later make a landing in the darkness.

Electric Car Kills Children.

Los Angeles, Cal., July 6.—An electric car in the Santa Ana line of the Pacific Electric Railway company Sunday night struck a carriage containing eight children, two men and one woman, near Watts, about ten miles from the city. It is said four of the children were instantly killed.

Joel Chandler Harris Buried.

Atlanta, Ga., July 6.—During a heavy thunderstorm the body of Joel Chandler Harris, the author and journalist, who was so well known as "Uncle Remus," was laid to rest in West View cemetery on the outskirts of this city late Sunday.

Five Hundred See a Murder.

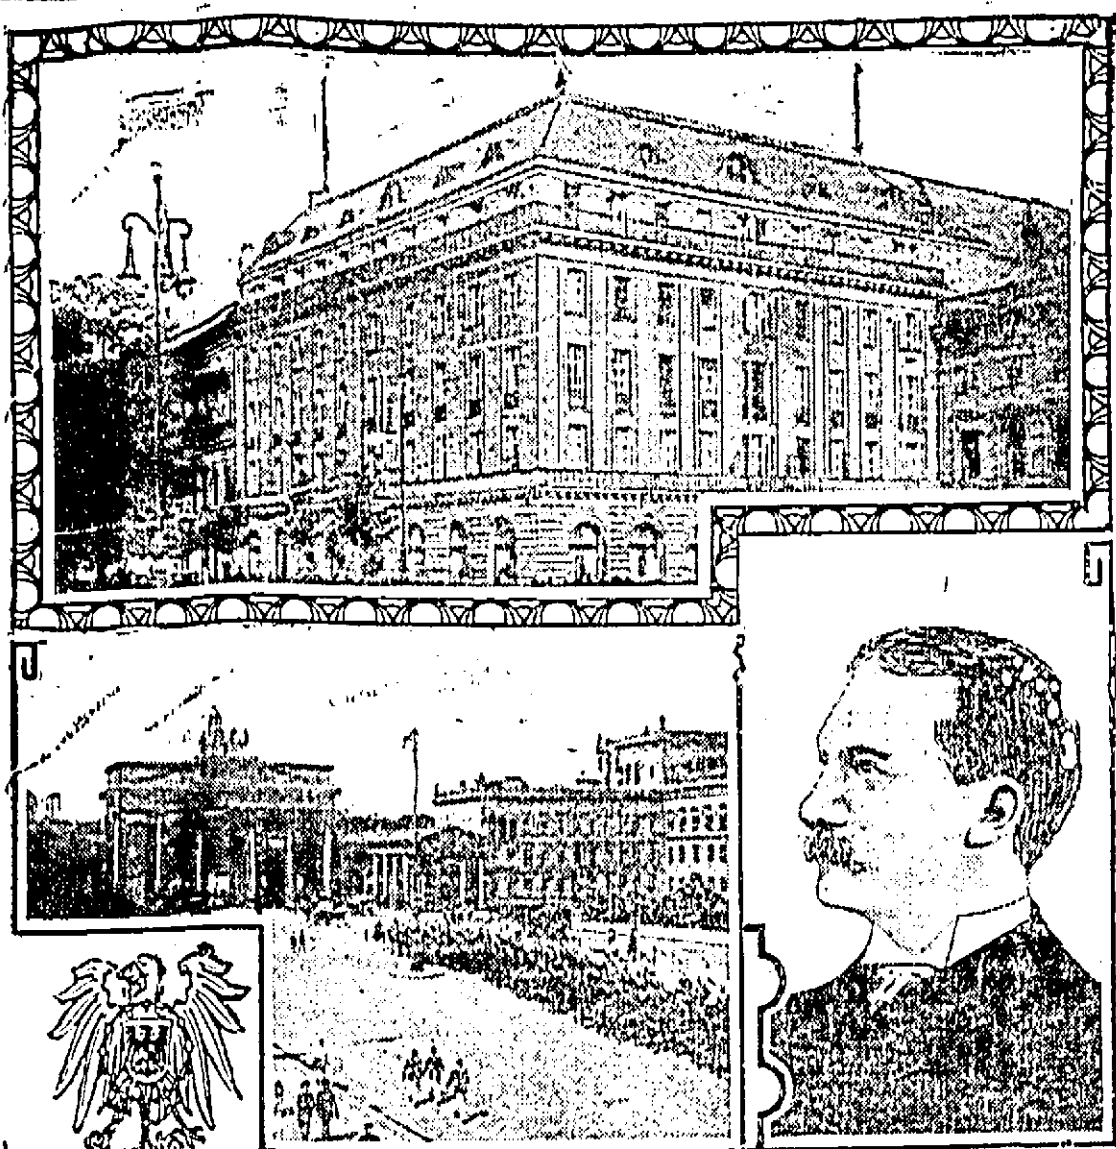

Madison, Mo., July 6.—During the performance at an open air theater in the presence of 500 persons, Joe Seneca was shot dead. G. L. Cox was arrested and a coroner's inquest was held, a verdict being rendered that Seneca was shot by Cox.

Wife-Murder and Suicide.

Reynoldsville, Pa., July 6.—The dead bodies of Reed W. Brocius and his wife were found in an orchard near here Sunday. Brocius, it is alleged, shot his wife and then himself.

AMBASSADOR HILL'S HOME IN BERLIN AND THE SQUADRON OF UHLANS WHICH ACCOMPANIED HIM FOR HIS OFFICIAL PRESENTATION TO THE KAISER—AMBASSADOR HILL.

Berlin.—The German diplomatic corps has been watching with a great deal of interest the reception extended to the United States ambassador by the German court. It will be remembered that at the time it was announced that Dr. Hill was to succeed Charles Lemay as ambassador to Germany the Kaiser objected to the arrangement owing to the fact that Ambassador Hill would not be able to maintain a palatial embassy. It is therefore especially interesting to note that as the first move in establishing

himself in Germany, Ambassador Hill has secured one of the most elaborate suites in the Hotel Adlon, which are indicated by the white line at the corner of the upper story. It is rumored that Dr. Hill is paying roundly for this suite of rooms. His wife and family have not as yet arrived, but are expected in September, when the ambassador states he will secure a permanent residence. Contrary to expectations, Ambassador Hill is making a decidedly favorable impression on the German people. His hearty handshake,

democratic ideas, familiarity with the people and their language and his keen insight into diplomatic etiquette has already established him as a favorite at the German court.

Mr. Hill's knowledge of German is remarkable. He was able during the reception to converse freely on all subjects, including the political condition in the United States, which of course interests the German immensely. At the time of his official presentation to the Kaiser a squadron of Uhlans escorted Ambassador Hill to the Schloss.

ABD-EL-AZIZ ASSASSINATED—ABD-EL-AZIZ AND HIS HOME TRABAT

Paris.—The rumors of yesterday that Abd-el-Aziz, the sultan of Morocco, was assassinated have not as yet been confirmed. It is the main topic in the lobbies of the parliamentary building and many are inclined to accept this as the truth.

Muhammad-Aziz, prince of true believers has ruled a native kingdom since 1894. He is a lineal descendant of the uncle of Mohammed, and thus has a special claim to the veneration of his people.

The area of the independent state of Morocco is estimated at 215,000 square miles. That and other oncos, formerly under Moorish suzerainty, have been occupied by the French. Fully three-fourths of the population of the Atlas lands are Berbers, but since the beginning of the present era they have become assimilated in language, in religion, and in usages to the semitic Arabs who have swept into the country. The Berber is more domestic than the Arab, less quarrelsome, less fanatical, and less trampled by the precepts of the Koran, although Mohammedanism is his religion. The Arabs, however, and notably the descendants of the Arabians Moors that were expelled from Spain, are the dominant political factor in north Africa west of the Egyptian Sahara. Doubtless life among both races is patriarchal, and only in limited portions of the north has the tribal organization been abandoned. Education in Morocco consists solely in learning to read from the Koran. There are in the sultanate about 100,000 Jews and perhaps twice as many negroes, the latter being Mohammedans.

The government of Morocco is an absolute despotism, at the head of which stands the sultan, a lineal descendant of Ali, the uncle and son-in-law of

Muhammad. The sultan has three capitals, Fez and Meknes, the northern seats of administration, and Marrakech (Morocco), the southern capital. His troops are quartered at the capital where he may happen to reside. The diplomatic representatives of the powers are compelled to reside at Tangier. The grandfather of the present sultan was almost a full-blooded negro, but he belonged to the privileged class who claim descent from the prophet. The full tribes of Morocco, notably those of the northern coast, are in a state of chronic revolt against the authority of the sultan, and authority rests lightly upon the tribes south of the high atlas.

Agriculture is the leading industry of Morocco barley, wheat, hemp, flax, pulses, potatoes, tobacco, mulze and much like silk. A secret process does the work in ten minutes. This is likely to revolutionize the textile trade of China and to affect the United States cotton exports.

Pure Metals.

Lead and tin can be obtained pure. Good brands of commercial lead contain 99.95 per cent. lead, and are often even purer. Lead is the purest metal which is made commercially. Good brands of tin are 99.8 per cent. pure.

Self-Satisfied Parrots.

Parrots are very sensitive to praise, and also have an excellent opinion of themselves; and it is by playing on these two feelings that they can be taught such wonderful tricks. The one thing they cannot bear is to remain unnoticed; and you can throw a parrot into a passion of jealousy by pretending not to hear it, and by talking to another bird.

Foolscap.

The word foolscap is a corruption of the Italian folio-capo (folio-sized sheet). From the 13th to the 17th century this sort of paper was watermarked with a fool's head, with cap and bells.

PARAGUAY REBELS ARE VICTORIOUS

NEW GOVERNMENT IS ESTABLISHED IN THAT COUNTRY.

NAVEIRO MADE PRESIDENT

Ousted Cabinet Officers Take Refuge in Foreign Legations—Five Hundred Killed in Asuncion.

Buenos Ayres, July 6.—Advisers received here state that the revolutionists have been victorious in Paraguay and that a new government has been established.

These advisers have been confirmed by a dispatch received by the minister of foreign affairs from the Argentine legation at Asuncion, officially notifying the minister that the revolutionary party had succeeded in overthrowing the Paraguayan government and that several of the Paraguayan ministers of state had taken refuge in the legation.

Naveiro Is President.

The revolutionists have appointed, as president, Dr. Emiliano Gonzalez Naveiro. He held the office of vice-president in the government which has just been ousted.

Unofficial dispatches state that the new cabinet includes Manuel Gondra, the Paraguayan minister to Brazil; Dr. Eusebio Ayala, Dr. Alvaro Jara, Dr. Adolfo Illigino and Dr. Manuel Franco. These represent a combination of the two most powerful parties in Paraguay, the Liberal and Colorado, and it is believed that their appointment will assure early peace to the country.

Ousted Men Seek Refuge.

The members of the former government, who included Manuel Benitez, minister of interior; Cecilio Baez, foreign affairs; Gen. Illus, war; Adolfo Soler, finance; and Charles Bassi, minister of justice, it is understood, have taken refuge in the foreign legations.

Fighting has been proceeding in the streets of Asuncion for some days past and many of the public buildings have been seriously damaged. Previous estimates of the killed and wounded, however, have been exaggerated, and it is now believed that the number will not exceed 500. It is expected that telegraphic communication with Asuncion will be restored before Monday night.

FLEET ALL READY TO SAIL.

Battleships Are About to Start Across the Pacific.

San Francisco, July 6.—Fresh from dry docks, with bunkers full of coal and magazines filled with ammunition, newly painted and looking as sleek and spry as the day they left Hampton Roads, the 16 battleships of the Atlantic fleet are riding at anchor in the harbor ready to sail next Tuesday for Honolulu on the second half of the long cruise around the world.

BARNEY OLDFIELD GREAT AUTO DRIVER HERE LAST EVENING

With Two Cars Enroute for St. Paul, Minn. That Janesville Hosted Him \$40 for Seven Years.

Barney Oldfield, whose name is a synonym for that is reckless and daring in automobile driving and who continues to lead a charmed life, arrived here last evening about six o'clock last evening with two powerful cars. He was accompanied by his wife, Clara, and a number of colored attendants, each of which bore the name of the automobile owner in large letters. The gray car is the one which he uses on the track. It has six cylinders and is rated at 30 horsepower.

Mr. Oldfield was accompanied by his wife, Clara, of Cleveland, and E. J. Goss, of Detroit. The party was met at the Hotel Myers about 6 o'clock. The party was met at the Hotel Myers about 6 o'clock. The party was met at the Hotel Myers about 6 o'clock.

The party left Toledo, Ohio, at nine o'clock Friday morning and after making an hour stop at Elkhart, Ind., arrived in Chicago at seven o'clock the same evening, covering the distance of 225 miles in better time than the average of the train. The roads were bad and the trip was made at a leisurely pace. The speedometer registered 110 miles. Though some claim that the distance from here to Chicago by wagon road was greater than that, Oldfield insisted that the record was made in a new and could not be far off.

NO BAR WEST OF THE FIVE POINTS

Charles Parry Has Withdrawn His Application—Aldermen Pass on License Tonight.

Charles Parry has withdrawn his application for a license to reopen the Billz Brewing Co's, old saloon west of the Five Points and the aldermen will approach their task of granting such licenses tonight without any apprehension or palpitation of the heart. With Mr. Parry's withdrawal there will still be at least fifty applications for bar permits.

The outside brewing companies are going to make applications in the names of the local agents, Ernest A. Schaefer, representing the Schlitz Co., has already filed a bid for permission to operate at the depot located at 25 1/2 West street, and the Blatz and Beck Cos. are expected to file in the change will necessitate some alterations in the bookkeeping of the brewing companies and that is all.

Owners of property fronting on East Milwaukee and South Main streets petition the council tonight to have the thoroughfare sprinkled more permitting the street sweeper to be operated thereon. Monthly permits will be submitted by the various departments and routine business transacted.

Seven head of valuable cattle were killed this morning on the L. Chalmers farm in the town of Harmony, having been evidence of the rabies. Some time ago the Chalmers dog was bitten by a strange dog and later the family pet bit the cattle. All the milk killed showed decided evidence of rabies.

CHECK HE OFFERED HELD TO BE BOGUS

Edwin Thompson Was Arrested Saturday on Complaint of Herman Buggs—Motion to Dismiss Caught Case Overruled.

Edwin Thompson, a laboring man from Southfield, Mass., who claims to have recently lost his position in Harvard, Ill., and to have come here in search of work, tried to cash a check drawn on the Merchants and Mechanics' bank in favor of Michael Mulligan by Andrew J. King and endorsed by Mulligan, in the sum of \$7.25, at Herman Buggs' saloon on the Fourth. Mr. Buggs was suspicious of the check and called in Officer John Brown who agreed with him that all the writing seemed to be in the same hand and that no individuals answering to such names were known to him. Thompson was arrested on the charge of trying to pass a bogus check and was held in the municipal court this morning. He was held for trial on the 11th and bail was fixed at \$500, but he will probably plead guilty and throw himself on the mercy of the court sometime late this afternoon or tomorrow morning. "I was drunk out of funds and driven to it," said the idle strapping fellow to Chief Appleby. "And there is a wife and baby at home dependent upon me for support."

Deloit Election Fraud Case.

On the grounds that insufficient evidence to hold the defendant for trial had been produced in the preliminary examination and on the further ground that the case had been improperly transmitted to the Janesville municipal court, no application for a change of venue having been made to Judge Rosa, Attorneys T. D. Woodley and Cornelia Buckley argued before Judge Elford this morning for the dismissal of the action against Michael Caughty for the alleged adding and abetting of illegal voting and perjury in the municipal election recently held at Deloit. The court overruled the motion. Whereupon the attorneys sought to have the trial deferred to September. District Attorney John L. Fisher would not consent to this and the advisability of trying the case on Wednesday was then discussed. It was finally decided to take the case to the circuit court for trial.

Punished for Drunkenness.

John Mosher pleaded guilty to a charge of drunkenness and disorderly conduct and was sent to the county jail for five days with a fine and costs of \$3.10 or five additional days. Charles Cullum paid a fine and costs of \$1.20 and Charles Boyce paid \$2.20. While many were intoxicated over the Fourth, there was uncommonly little disorderly conduct. "Most of 'em sneaked home as if they knew they were landed and were ashamed of it," according to Chief Appleby.

CHIEF SCHEIBEL OUT FOR SHERIFF

I wish to announce that I will be a candidate at the September primary election for the nomination as

CHIEF R. G. SCHEIBEL

republican candidate for sheriff of Rock county. I respectfully ask for the support of all in Janesville and surrounding country, who can see their way clear to vote for me, and am willing to stand on my record of fourteen years as an officer on the Deloit police force and six years as deputy sheriff. I have tried conscientiously to perform the duties pertaining to the various positions I have filled and if nominated and elected will continue to do so and to serve the county to the best of my ability.

Yours respectfully,

R. G. SCHEIBEL,
Chief of Police, Deloit, Wis.

It's plain enough you get into the wrong road in this life if you run after this and that only for the sake of making things easy and pleasant for yourself.—George Eliot.

NEWS FORECAST OF THE PRESENT WEEK

Democratic National Convention Will Absorb Interest of Reading Public.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., July 6.—During the coming week a large part of public attention will be absorbed in the proceedings of the democratic national convention in Denver. The apparent certainty of the nomination of William J. Bryan for the presidency is not expected to lessen public interest in the convention. The completion of the ticket is awaited with eager interest as is also the construction of the party platform. The sessions will begin Tuesday and probably will continue until Friday.

On the same day that the democratic convention is called to order in Denver the American battleship fleet will sail from San Francisco for the trip around the world. The first stopping place of the fleet will be Honolulu, which port will be reached July 10.

The battleship South Carolina, now building at the Cramp shipyard, will be launched next Saturday. The vessel is of 16,000 tons displacement and is a sister ship to the Michigan, launched several weeks ago.

A number of large conventions are scheduled for the week, among them being a national good roads and legislative convention at Buffalo, the annual congress of the American Whist League in New York City, the convention of the National Baptist Young People's Union in Cleveland, and the annual meeting of the Federation of American Zionists in Atlantic City.

Around there will be a number of events of more or less interest to American readers. The international rifle meeting, in which both the United States and Canada will be represented, will begin at Bisley, Wednesday, and continue three days.

At Bristol, King Edward will attend the formal inauguration of the new Royal Edward dock, which has been constructed by the corporation of Bristol at a cost of about \$2,000,000.

The automobile Grand Prix is to be run Monday and Tuesday over the Duple circuit in France, Germany, France, England, Belgium, Italy and the United States will be represented in the contest.

The scheduled Lambeth conference of Anglican bishops will be in session in London with delegates present from all parts of the world.

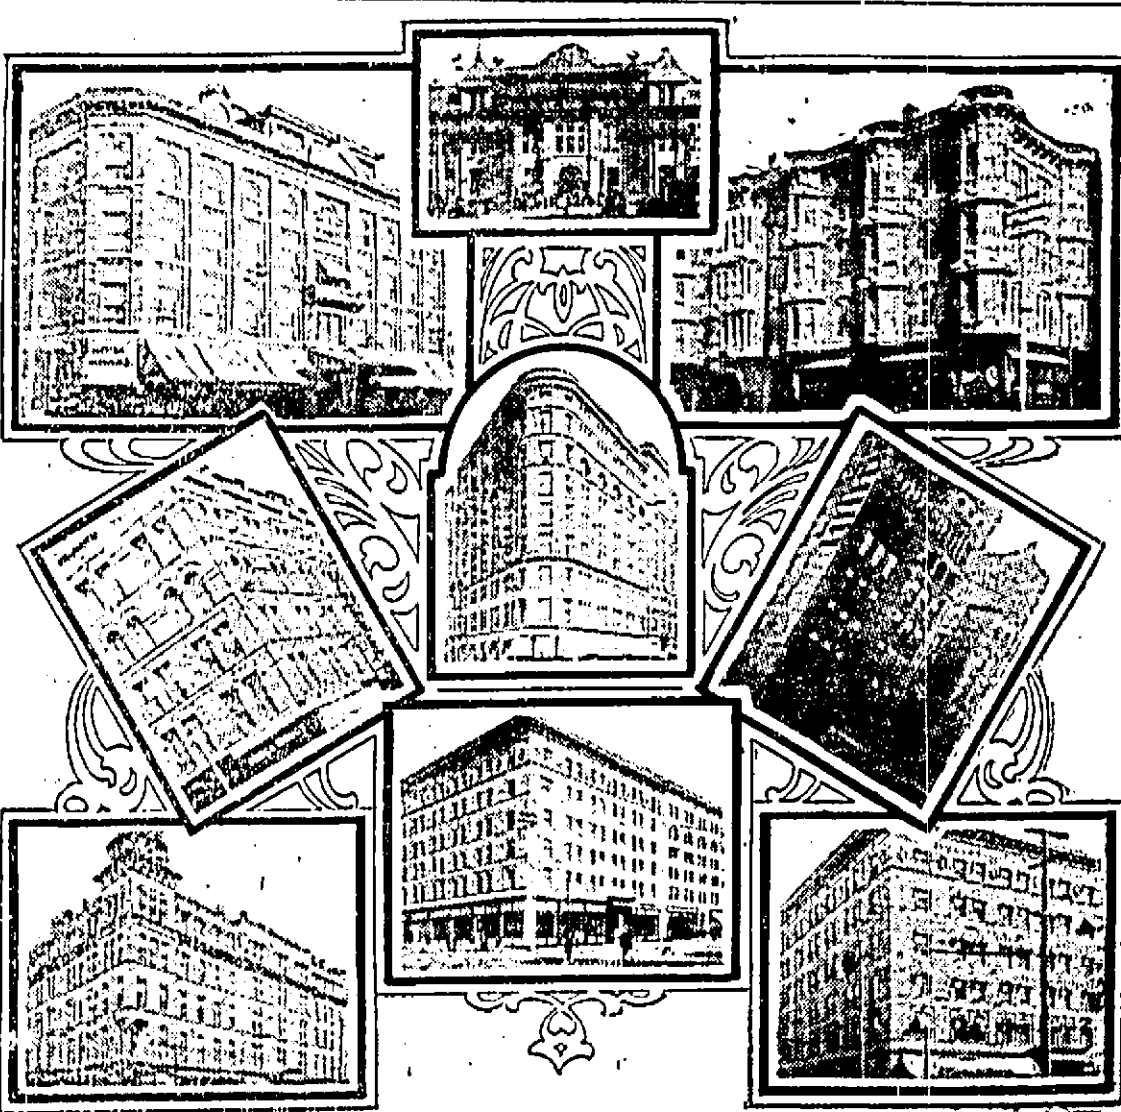

Emperor William will depart Tuesday on his usual summer cruise in Norwegian waters. It is understood that his Majesty will, during the cruise, have a meeting with King Haakon.

CHURCHES TRADE OFF ON AN ENTERTAINMENT

Methodist Ladies Find They Cannot Quite Countenance "Carnival of Seasons" on Account of Dancing.

Because the rhythmic features—the dancing of the little tots—were not quite in keeping with their preconceptions and prejudices, the Ladies Aid Society of the Methodist church has been anxiously looking for a chance to sidestep the "Carnival of the Seasons," amateur performance which has been in rehearsal for a week under the direction of Mrs. Maude M. Jackson of Chicago, and was to be presented at the Myers theatre on July 21 and 22. Inasmuch as Mrs. Jackson came here at their solicitation, the task was a delicate one—particularly so, as the opera has been given under the auspices of Methodist societies in other parts of the country. Rev. Dr. W. A. Gieshel and the congregation of St. Mary's church have finally come to the rescue. They have taken over the entire enterprise and not only will the performance be given on the dates as originally scheduled but a large number of the Methodist children will remain in the cast.

A False Theory.
"The proverb may be right," mused Noah, as he cast one last, long, lingering look before he went in the ark and shut the door, "but this does not seem to fit the category of events in the tide of men's lives, which, taken at the flood, leads on to fortune."

STRANG IS ENTERED IN BIG FRENCH RACE

Grand Prix Contest of the Automobile Club of France. Will Start Tomorrow.

[SPECIAL TO THE GAZETTE.]

Dieppe, France, July 6.—Everything is in readiness for the Grand Prix contest of the Automobile Club of France, which promises to be one of the most keenly contested and fastest the world has ever seen. There are forty-nine entries, including 31 French, 6 Italian, 6 English, 2 German and 1 American car. The American machine is a Thomas and will be driven by Louis Strang.

The start in the Grand Prix is timed for six o'clock tomorrow morning. At that hour the race will be started by a French Audi car driven by Moore Brabazon. One minute later the Mercedes racer will be sent away, followed at intervals of one minute by a Motosacoche, Renault, Dietrich, Benz, Fiat, Hispano, Bertha, Opel, Hayard-Clement, Italia, Weigel, Mercedes, Panhard, and finally the German car of Belgian origin. This will complete the first series, the second and third cars of each firm being started in the same order and at intervals of one minute.

The course is the same as that over which the race was run last year. It is a closed triangle, the angles being at Dieppe, Eu and Londinières. The course measures seventy kilometers and must be circled ten times. The roadway is in perfect condition, but has a few dangerous turnings and many rapid curves.

Prominent automobilists from America, Great Britain and the continent are here to witness the race, and also the contest for small cars which takes place today. As the hotels at this and the neighboring resorts are not capable of accommodating the crowds, high prices are being charged for rooms and tents have been erected along the course to shelter the overflow.

Eternal Feminine.

Men say that women's friendships are not as staunch and true and lasting as men's because a woman is so ready to believe all that she hears against her best friend, while a man will only judge his friend by what he is told, not by what the world says of him. Is this true? If so, it will remain so just as long as average characters see in man nothing but possible husbands, escorts and gift-givers.

Wooden Garb.

Wooden hats, coats, carpets, towels as well as "wooden shoes" are promised by Prof. Emil Claviez of Dresden, who is said to expect to teach all human beings to wear wooden clothes. After being ground into pulp as for paper the wood is impregnated with chemicals and woven into yarns.
